WHO ARE WE?

We're accountabl, part of the Rix Digital ecosystem, who are a purpose-driven software company that designs, builds, and markets industry leading products in the FinTech and ESG industry.

We're offering products and services to SMEs to help them transition to a lower carbon future. Our team is growing fast and to meet developing market opportunities, we need new passionate people.

We're an early-stage business, so you will benefit from varied work, regular social events, and hybrid working. You won't want to miss out on our state-of-the-art waterfront office though, complete with an innovation hub, café, and gym.

Together we believe that we can build a better future for ourselves and for the world. Grow with us and help to change businesses for the better.

WHO ARE YOU?

You're passionate about the planet and how you can take meaningful action to support decarbonisation of SMEs.

You'll enthusiastically represent the brand and your views in front of customers and potential prospects.

You'll provide thought leadership on carbon measurement, target setting, carbon reduction, and carbon offsetting projects.

You can identify opportunities to develop our products for our customers, and then effectively communicate their needs to our development team.

Plus, you'll need to keep up to date with the latest news and have ideas about written content to help our customers navigate a challenging landscape.
